Singing Workshop

led by Carolyn Robson - a singer and choir conductor based in SW Surrey. She was a member of the renowned a cappella trio Craig Morgan Robson and currently runs three community choirs and a chamber choir in Hampshire.

RYV MD Lester Simpson has co-led workshops with her at Halsey Manor, The National Centre for Folk Arts; "She is a joy and an inspiration to work with so I know we will all have fun and learn a great deal when she comes to Wirksworth."

Her workshops include songs from the British tradition and further afield. She gives advice on technique, voice production, breath control, posture, projection and interpretation and how to sing with confidence!

She has also worked extensively with other community choirs and has led workshops and masterclasses at numerous UK folk festivals, including Sidmouth, Whitby and Chippenham.
